Foreword

Maternal Multiple Micronutrient Supplementation (MMS):
There is no turning back / *Klaus Kraemer*

Accelerating Maternal Nutrition through Multiple
Micronutrient Supplementation in Pregnancy: The Healthy
Mothers, Healthy Babies Accelerator / *Saskia Osendarp,
Reed Atkin, Aynsley Morris*

Glossary

The Evidence Base

Reviewing the Evidence and Promoting the Adoption
of Multiple Micronutrient Supplements / *Gilles Bergeron,
Megan Bourassa*

New Scientific Evidence on the Benefits of Maternal
Multiple Micronutrient Supplements / *Emily R Smith,
Parul Christian, Christopher R Sudfeld*

Cost-Effectiveness of Replacing Iron-Folic Acid with
Multiple Micronutrient Supplements / *Reina Engle-Stone,
Sika M Kumordzie, Laura Meizen-Dick, Stephen A Vosti*

Experience from the Field

Experiences Supporting the Introduction and Implementation
of Multiple Micronutrient Supplementation for
Pregnant Women Globally / *Amy Steets, Clayton Ajello,
Quinn Harvey, Howard Schiffer, Minaud Dacius, Mulamba Diese,
Otte Santika, Kristen M Hurley*

The Introduction of Multiple Micronutrient Supplementation
Requires a Comprehensive Systems Approach / *Nita Dalmiya,
Roland Kupka*

Formative Research: Ensuring adequate demand, and
compliance of MMS in Bangladesh, Burkina Faso, Madagascar,
and Tanzania / *Teresa Schwendler, Kesso Gabrielle van Zutphen,
Stephen R. Kodish*

Supply-side Insights from Bangladesh, Madagascar
and Tanzania / *Madhavika Bajoria, Kalpana Beesabathuni,
Nita Dalmiya*

Ensuring Effective Implementation of MMS for
Pregnant Women in Haiti / *Minaud Dacius, Shannon E King,
Quinn Harvey, Clayton Ajello, Joseline Marhone-Pierre,
Kristen M Hurley*

Preferred Packaging for Maternal Multiple Micronutrient
Supplements: Findings from a Survey of Pregnant Women and
Women of Reproductive Age in Indonesia / *Summit Institute
of Development*

The Case for Reintroducing Multiple Micronutrient Supplements
in South Africa's Essential Medicines List / *Madhavika Bajoria,
Kalpana Beesabathuni, Klaus Kraemer*

One MMS A Day and a Healthy Baby is on the Way –
A Social Business Model in Bangladesh / *Sufia Askari,
Sarah Gibson*

Resources for Scale-up

Multiple Micronutrient Supplementation Cost-Benefit Tool
to Guide Decision-Making / *Jennifer Busch-Hallen, Dylan Walters,
Sarah Rowe*

Creating Demand for Multiple Micronutrient
Supplements (MMS) – A Mini Guide / *Yana Manyuk,
Petr Schmied*

Procurement and Production of Multiple
Micronutrient Supplements for Pregnant Women:
A Country Assessment Toolkit / *Kalpana Beesabathuni,
Kesso Gabrielle van Zutphen*

Expert Consensus on an Open-Access Product Specification for MMS for Pregnant Women / *Clayton Ajello, Quinn Harvey, Jarno de Lange, Ada Lauren, Gisele Atkinson, John Atwater, Gilles Bergeron, Megan Bourassa, Kristen M Hurley, Saskia Osendarp, Anthony Palmieri, Jeff Reingold*

Integrating MMS in the Wider Context of Improved Health and Human Capital: A Perspective from the Family Larsson-Rosenquist Foundation / *Katharina Lichtner*

The Role of Donors in Catalyzing Scale-Up of Multiple Micronutrient Supplements / *Nicki Connell*

Building Adoptability for Multiple Micronutrient Supplements through Affordability / *Spencer Kirk*

Afterword

Strong Evidence Supports Antenatal Multiple Micronutrient Supplementation / *Robert E Black*
